## PIX Virtual Experience Centre

8 September 2021 | Categories: [Members News](#) | Tags: [Manufacturer](#), [Members News](#), [PIX](#), [Virtual](#), [3D](#), [Belts](#), [Products](#)

We're delighted to announce our brand new PIX Virtual Experience Centre. The virtual experience offers a multitude of benefits and is something we will continue to develop and use in parallel for our marketing and sales activities.

The interactive aspect of the PIX Virtual Experience Centre could serve as a basic platform for a lot of activities including 3D animated views of our belts, online meetings, online chat, testimonials, presentations/training seminars, podcasts, product launches, demos etc. regardless of time zone or location.

### Features

- Highly functional and extremely user-friendly architecture allows for an immersive and interactive 360° experience
- A broad selection of all key PIX products
- Empowered by stunning 3D replicas of PIX Belts
- Digital library segment combining multiple levels of content
- An interactive 360° walkthrough experience
- Ease of accessibility – laptops, mobile devices or tablet
- Multi-language support – English, German, Spanish, Russian, Hindi, French and Chinese
- Virtual help desk – schedule meeting, chat, call or send an email

Enter the [Virtual Experience Centre](#).

PIX Transmissions Ltd. is amongst the most reliable manufacturers in the global Mechanical Power Transmission industry with an extensive range of high-performance V-Belts, Timing Belts, and Poly-V Belts to suit a wide array of Industrial, Agricultural, Automotive, and Recreational applications. This IATF 16949 certified, public limited company features state-of-the-art Belt manufacturing units as well as
